President's Message

APRIL

Wow, Larry you outdid yourself with the shakedown tour to Walleys Hot Springs. There were 14 Model As from our club and Carson Valley As club, one V8 truck and one 1915 Harley Davidson. We turned quite a few heads as we made our way from Reno, along many of the back roads of Washoe Valley, then through the side streets of Carson City and finally following Jacks Valley Road in Carson Valley. Lunch at Walleys was an excellent destination and good socializing.

Larry, Jerri, Wendell, Roger and I attended a planning meeting of a new social organization, the "All Ford Group" initially made up of the Model T club, Carson Valley As and Sagebrush Model A club and the Ford V8 club. It is being started because all of the clubs are experiencing loss of membership and we want to socialize and keep the history of older Ford vehicles alive for future generations. The group is suggesting that all of the clubs keep each other informed of each other's tours, etc. and invite everyone to participate.

Rick has finalizing his tour to the Stewart Indian School for April 29. See additional information.

Start packing up those interesting items you have for auction so that we can have a good auction along with our Steak Fry at Bowers Mansion on Sunday, May 22.

Also in May Leland is planning an overnight tour on Saturday May 28th to Winnemucca and then on to Paradise for their Memorial Day parade on Sunday May 29th.

More info to follow: Michael Fox is finalizing plans for a June overnight tour to Gerlach and the Fly Geyser. This should be a really interesting tour.

On July 3rd we have been invited by the Carson Valley As to participate with them in a Model A display at the Nevada State Railroad Museum. This will be an all-day event from 9:00 to 5:00. The museum is bringing in 17 locomotives with 9 running so it will be an interesting event. More specifics to be announced next month.

It looks like this year may bring us more normal activities, hopefully without face masks! Let's all hope for the best so we can socialize more safely and comfortably.

I look forward to seeing you and our Carson Valley As friends at the various events this year.
