President's Message

Now that we have a Saturday morning meeting at the Duarte Garage at 1000 routine going, we need to add the kicker of a tour to a lunch place after the meeting. Dave McArthur has been charged with developing this plan and I am confident he will provide a full report at the May meeting. Remember to drive your car to the meeting, park it in front of the Duarte Garage, and then drive it to the lunch wherever it is.

Thanks to all of you who showed up for the Dublin St Patrick's Day Parade. All went according to plan, the doughnuts disappeared, and a good time was had by all.

Next meeting is at 1000 on Saturday May 7th at the Duarte Garage.

I think our editor has listed the upcoming events we may choose to participate in...see what he says for details...

MAFCA Nat'l Convention, June 12-17, Kerrville, TX. Alamo A's going.
August 19th Event at 380 Lindberg, Livermore...need one Fancy Car.
Santa Maria A's All Ford Car Show, Old Town Orcutt CA, Sept 10th.
NW Regional Meet, Spokane OR, Hub Tour, Sept 14-18

Our new webpage is still being built and getting better all the time. **Take a look at this work in progress by going to "henrysas.com"**. When you look at the Gallery you will see that **we need more photos of our members cars...send your photos to Aaron Louis with a written description of the car.** In addition, there will be a club email address to be monitored by the club Officers for inquiries. The address will be: henrysas.livermore@gmail.com.

By the time you read my next President's Message I will have hopefully successfully moved my 4D Sedan to Oregon to participate in the activities planned by the club I joined in Grants Pass...Henry's Lady. I will be using a tow dolly so wish me luck...last time I did this I blew up an engine by not taking the car out of gear...I will not make that mistake again! What else could possibly go wrong????

The Model A Hobby is an excellent catalyst to promote camaraderie and fellowship which is the primary benefit of belonging to the club. It is definitely a family affair so spouses and family are always enthusiastically welcomed at all club functions.

MAFFI Liaison Letter April 2022

Would You Like to Serve?

This year the Model A Ford Foundation is looking for three (3) individuals who love the Model A hobby and are interested in serving on the MAFFI Board of Trustees. The MAFFI Board oversees the Model A Ford Museum at the Gilmore Car Museum and encourages Model A'ers around the country to support the museum through membership in MAFFI, donations to the museum operations and the Endowment Fund.

A trustee serves for three years and is eligible to serve a second consecutive term if he or she desires. Trustees must be a member in good standing of MAFFI and we strongly encourage each trustee to support both national clubs, MAFCA and MARC through membership as well. We ask that while serving on the MAFFI Board, you do not run for or accept positions on another national club's board. If you think you may be interested in serving on the MAFFI Board, please contact our Executive Director, John Marshall (ExecutiveDirector@maffi.org), or Jerry Morrissey (President@maffi.org).

The Board meets once a year on a day before Model A Day(s) at the Gilmore begin, which usually falls on the third weekend in September. Attendance at the meeting and Model A Day is strongly encouraged. Meetings and business are also conducted through email and conference phone calls so a trustee must have access to a computer for email. We like to have representation on the Board from all areas of the country. We would like to also encourage women to serve on the board.

Don't forget to register for your Model A Days prepaid events on the MAFFI website.

This "MAFFI Liaison Letter" was sent to you as your club's MAFFI Liaison. It is our hope that you will share it at your club's monthly meeting. If you are no longer the MAFFI Liaison for your club, please notify me at the email listed below with the name and email address of the new Liaison.

Thank you,
Mike DuBreuil, MAFFI

Many years ago, in Scotland, a new game was invented. It was ruled

'Gentlemen Only...Ladies Forbidden

...and thus, the word **GOLF** entered into the English language.

When I say, "The other day," I could be referring to any time between yesterday and 15 years ago.

I had my patience tested. I'm negative.

I run like the winded.

I've never tried to outrun a police car. But, if this shows up behind me, yeah, I'm taking my chances.

To me, "drink responsibly" means don't spill it.

Age 60 might be the new 40, but 9:00 pm is the new midnight.

The older I get, the earlier it gets late.

I remember being able to get up without making sound effects.

Remember, if you lose a sock in the dryer, it comes back as a Tupperware lid that doesn't fit any of your containers.

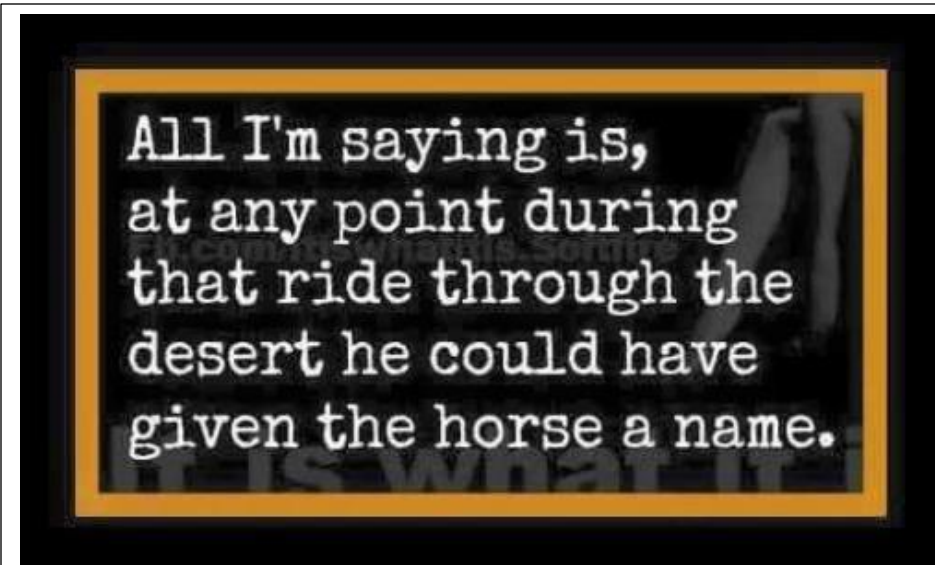

I finally got eight hours of sleep. It took me three days, but whatever.

I don't mean to interrupt people. I just randomly remember things and get really excited.

When I ask for directions, please don't use words like "east."

Don't bother walking a mile in my shoes. That would be boring. Spend 30 seconds in my head. That'll freak you right out.

Sometimes, someone unexpected comes into your life out of nowhere, makes your heart race, and changes you forever. We call those people cops.

The first couple to be shown in bed together on prime-time TV was

Fred and Wilma Flintstone.

Julia has two passions in life: cannabis and horses

It was the accepted practice in Babylon 4,000 years ago that for a month after the wedding, the bride's father would supply his son-in-law with all the mead he could drink. Mead is a honey beer and because their calendar was lunar based, this period was called the honey month, which we know today as the honeymoon.

This is what happens when you're drinking whiskey and rye.

Did you know that 14 muscles are activated when opening a bottle of wine? Fitness is my passion 😎

For Sale

“Model B Ford Engine” Reedley, CA.

B-Block and crankshaft were magnafluxed, proving no cracks. Bored .080 over standard. Crankshaft balanced, lightened flywheel with V8 clutch. New connecting rods with inserts, new pistons and rings, new main bearing inserts, new hardened valves, springs and single-lock valve tappets, all from Antique Engine Rebuilders of Illinois. valve guides shortened for easy valve adjustments. New camshaft with .340 lift from Specialty Motor Cams. Standard oil pump. Snyder high-compression head with copper head gasket.

Head torqued in 3 stages to 60 ft/lbs. (grade-8 bolts). Test-ran engine for thirty minutes, let cool, then re-torqued. Test ran again for 25 minutes. No oil leaks, engine sounds terrific!

Asking price \$5500.00.

Zenith-1 carb question - The Ford Barn

Technical tip for the Horn:

Does the gasket between the top and the bottom casting get a sealer?

No gaskets on the zenith should be sealed, and the intake gasket is installed dry.

Gaskets – Homemade For Caps & Drain Plug

- Original gaskets made from leather, copper clad material & paper products not durable
- Avoid repetitive replacement costs by fabricating gaskets from motor oil containers
 - Impervious to all fluids used in Model “A” & suitable for hot liquids
- Cutout several for radiator cap, gas cap & oil drain plug
- May need more than one per cap for snug liquid tight fit

I'm trying to rejoin the Model A community. It's been over 50 years since being a teenager and owning and restoring a 1930 Standard Coupe; and I very much want to get back in the driver's seat of another Model A.

I'm looking for a Woody Station Wagon. And I'm wondering if you know of anyone who might have a Woody for sale.

Thanks for any referral and assistance you can offer.
