March 2023

President's Message

March

When this is published we will have had our first Tech Seminar of the year. If you have an idea for a specific topic, please contact me or Michael Fox 775-742-1867. He is planning to hold more tech seminars during the year. The next ones are being planned for May 6th and July 15th with the topics published in the next newsletter.

We are hoping to have a day tour and or a long tour each month through October. General meetings will be quarterly normally in conjunction with a club function or day tour.

March 25th will be our Shakedown Tour to Wellington/Yerington with a lunch and General Meeting pending at the Heyday Inn. Final information to follow. April will be busy as we are planning a long tour to Death Valley for the first week of April and a day tour to Lake Tahoe for April 15th. Note that the Cowboy Poetry event is back on this year and we are planning for a group to go on Saturday, April 29th for the 2:00P.M. matinee show followed by dinner. **Use the enclosed flyer to make your own reservations.** For May we are planning to have a tech seminar on the 6th. On May 26th - 28th there will be a three day tour to Winnemucca for the annual Breakfast and Memorial Day Parade at Paradise. There will be an NCRG mini Roundup May 27th - 28th in Sonora. Check their website for more information: ncrgmafca.com. Don't forget the annual Steak Fry/General meeting and Auction scheduled for June 4th. Bring lots of items for the auction as this helps pay for the steak fry and Christmas banquet. June 17th will be a day tour to Portola with a picnic lunch and possibly at the end of June a long tour to Sun River, Oregon that Leland is planning.

We will be also holding a few joint events with other clubs this year. The first will be a lunch on March 20th along with the Early Ford Group (area clubs of Model T's, Model A's and Ford V8's). It will be held at one of the Ford V8 member's home. **Please RSVP as noted in the attached invitation by March 14th if attending.** Also, a joint tour and barbecue is in the works with the Sonora A's who will be coming over the hill in July.

That about wraps up the first half of the year. More day tours, long tours and tech seminars are in the works for the last half of the year. It can't hurt to start thinking now of nominations for next year's officers.

Again let me know of any functions, tours or tech seminars that you would like to see happen.

Joint Tour with Sonora A's

July

Hello Everyone - “Early Ford Group”,

The Battle Born V8 Club would again like to have our March 20, 2023 meeting similarly to what we did in February with the T's and A's joining us. At the February Early Ford Group meeting a few of the attendees from the Model T's and A's mentioned that having an activity at their respective meetings, help to attract their members to join in. We liked that idea. In fact, our current Battle Born V8 Club President and First Lady, Ralph and Sandy Theiss has graciously invited the “Early Ford Group” to meet at their home for the March Meeting, Lunch and Tour of their Garage/Shop, and impressive collection of Roy Rogers memorabilia, Toys, Pedal Cars and Model Cars.

Since this is our V8 Clubs March Meeting, we ask that the V8's arrive at 11:00 A.M for our meeting and the Model T's and A's arrive at 12:00 Noon. Hopefully we will have some news about the Henry Ford Birthday party scheduled for July 30, 2023. A schedule of any proposed events that the T's, A's and V8's could also be shared at this meeting. I know this is quite close to our meeting we just had, but the lunch and tour that Ralph and Sandy has in store for us will make it all worthwhile.

In as much that Ralph and Sandy will provide lunch for all of the attendees, they will need a total head count by March 14, 2023.

Again: Meeting at Ralph and Sandy Theiss' home
March 20, 2023
262 Echaniz Ct, Sparks, NV 89441

V8 Meeting at 11:00 AM

Early Ford Group Meeting at 12:00 Noon

Followed by Lunch and Tour

I was asked to be the contact for those planning to attend. I've sent this email to as many members of the Model T's and A's that I have email addresses for. Please forward this to all of the other members of your respective Clubs.

If for some reason (Inclement Weather), we need to cancel the Meeting, we will contact all those planning to attend, of the cancellation, just as soon as possible.

To make your day a little lighter...

Only in Americado we leave cars worth thousands of dollars in the driveway and put our useless junk in the garage.

Only in Americado they have drive-up ATM machines with Braille lettering.

EVER WONDER
Why the sun lightens our hair, but darkens our skin?

Why don't you ever see the headline 'Psychic Wins Lottery'?

Why is lemon juice made with artificial flavor, and dish washing liquid made with real lemons?

Why isn't there mouse-flavored cat food?

You know that indestructible black box that is used on airplanes? Why don't they make the whole plane out of that stuff?

Why don't sheep shrink when it rains?

QUOTE FOR THE MONTH

"Here I come to save the day!"
