GENERAL MEETING

General meetings of Henry's A's are held at 10:30 AM on the first Saturday of each month, **except December 3th**

Guests and visitors are welcome.

HENRY'S HORN is the monthly newsletter of Henry's A's Chapter, Model A Ford Club of America. We solicit articles and other items for publication in these pages; please submit, before the 25th of the month, to the Editor's e-mail address or the clubs mailing address:

weshuffman@ymail.com

Henry's A's
P.O. Box 46
Livermore CA 94551

A signup sheet will be at the next meeting for refreshments for future club meetings.

Can you volunteer to bring refreshments for the next meeting?

Henry's A's Activities Report

Jun 1st monthly meeting at Del Largo Site in Del Valle Park, Livermore CA 10:30 AM (\$10 park entry fee)

Sep 14th

Cars in the Park

(formally Antique Autos in History Park)

The largest annual antique & classic auto show in the West

"A Living History Day"

RELAX AND ENJOY SOME ABSOLUTELY PHENOMENTAL PHOTOS! SOME ARE FUNNY AND SOME ARE SPECTACULAR, AND ALL REFLECT TREMENDOUS CAMERA SKILLS.

Henry's A's Meeting minutes for the May 4th meeting were washed away by inclement weather.

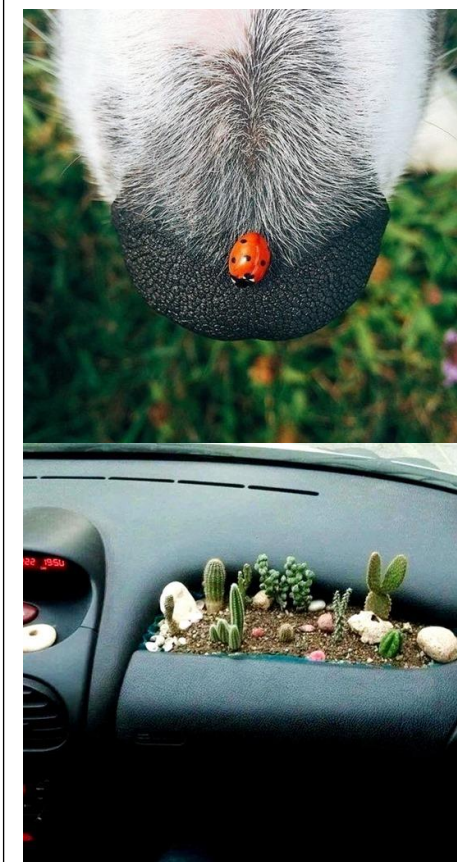

Starbucks is planning on selling beer and wine. Apparently it's getting difficult to sell sober people a \$12 cup of coffee.

I GOT GAS TODAY FOR \$1.39 UNFORTUNATELY IT WAS AT TACO BELL.

Yesterday my husband thought he saw a cockroach in the kitchen. He sprayed everything down and cleaned thoroughly. Today I'm putting the cockroach in the bathroom.

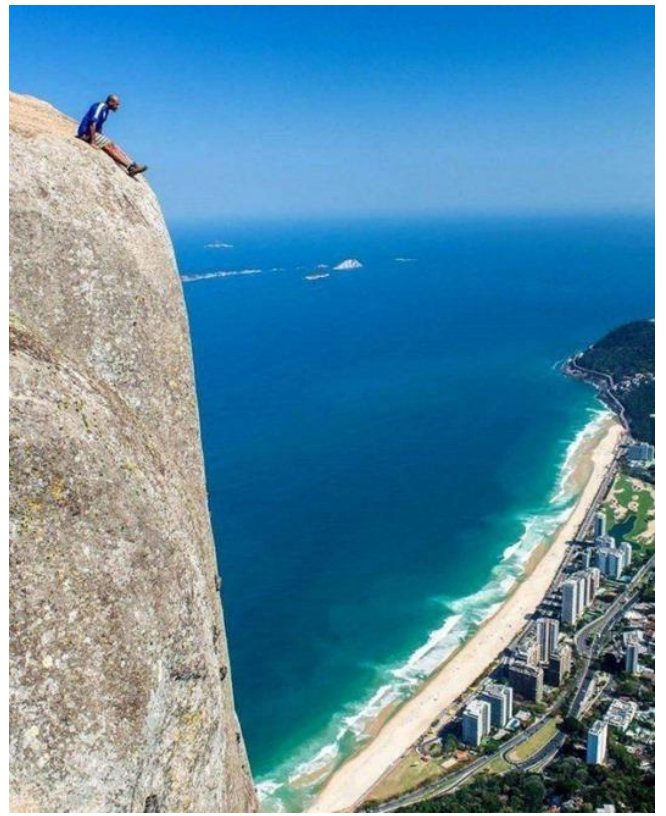

Dave Vahlstrom also sent a shot from the Dublin St Patrick's day parade in case no one else has shared it. There are several cars (4?) from Henry's A's and more from the Acorn A's.

my project and my thanks... - The Ford Barn

<https://www.fordbarn.com/forum/showthread.php?t=338582>

Sent by Brentwood Bob, Wrench Hand.

1931 Deluxe Coupe \$14, 000.00.

It runs very well with 92 psi compression in all four cylinders. I have no history on the engine, car has 4:11 rear end with 30% B/W overdrive, gone through by the late Ed Simpson who replaced several internal parts and the solenoid, about three years back. Car has good brakes and steers well. Rand Paul shocks rebuilt four years back. Guaranteed to leak. Car also has turn signals that need work, and air conditioning that will chill you on a Livermore hot day. It is a survivor, driver, 30-foot show car for those with failing eyesight, but not rusty. It rides on new 600 X 16 radial tire on powder coated black rims. Needs the top installed, material is here and top is ugly but doesn't leak. Drive as is or restore, your choice.

"A Living History Day"

Saturday September 14, 2024 11 am to 4 pm

The above Model A belongs to the Sage family, (not the wise ones but the racer ones). This vehicle belonged to Tim's father who put an overhead valve head on the engine in the forties. Still in the family and still being enjoyed and raced.

Model A above headed back to Washington after the hill climb. It went fast enough the blow the body off!

To the right see Ed Shannon with his Mullins trailer. The story from an anonymous source is that it pulls well up to 72mph.
