A signup sheet will be at the next meeting for refreshments for future club meetings.

Can you volunteer to bring refreshments for the next meeting?

## Henry's A's Activities Report

**Oct 6th 10:30 AM General meeting at Duarte's Garage in Livermore Ca**

Members of the Henry's Lady Model A Club joined the Rogue Valley Classic Cruisers for the latest Cars and Coffee event on Saturday, August 17, 2024. This event was held at Jimmy's Classic Drive Inn on E Street in Grants Pass, which served a delicious fresh breakfast featuring bacon, pancakes, biscuits, and gravy. Terall and his team at Jimmy's provided excellent hospitality as they served the group of over 50 cars and nearly 100 people. The bustling event was full of activity, leaving attendees eagerly anticipating the next Cars and Coffee gathering.

Do you recognize Rick and Barbara Mahan's 4D SW parked at Jimmy's Drive Inn Grants Pass, Oregon?

## September MAFFI Minute

Model A Friends,

I usually write this message from my kitchen table in Wisconsin, but this message is about as close to live as you can get: I'm at Hickory Corners at the Model A Museum on the eve of Model A Days 2024! The Trustees, friends and family ---and the Grape A's Model A Club-- have been working out at the museum all day to get everything ready for tomorrow (setting up tables, tents, moving cars, cleaning and polishing). It's a bittersweet excitement because we usually work next to Trustee and Grape A member, Jerry Morrissey, who lost his battle with cancer a few short weeks ago and we miss him so much! He always headed up this day, so to not see his cheerful face is difficult.

But, on a brighter note, the attached photo is the expansion in progress. It's great to see what's happening after a year of fundraising! (Many thanks to all of you!) And, because it's the eve of Model A Days and the bus won't be unveiled for 24 hours, I'll have to wait with that picture until next month, but if you've been following the progress on Facebook, you know she's a beauty now. Drive those A's and mark your calendar for next year's Model A Days (third weekend in September, the 19<sup>th</sup> and 20<sup>th</sup> of 2025), so you can see the museum expansion for yourself!

### E-Bike Olympics

It was a shitty cruise, rained a lot. But they had a great buffet, I had two of everything.

It runs very well with 92 psi compression in all four cylinders. I have no history on the engine, car has 4:11 rear end with 30% B/W overdrive, gone through by the late Ed Simpson who replaced several internal parts and the solenoid, about three years back. Car has good brakes and steers well. Rand Paul shocks rebuilt four years back. Guaranteed to leak. Car also has turn signals that need work, and air conditioning that will chill you on a Livermore hot day. It is a survivor, driver, 30-foot show car for those with failing eyesight, but not rusty. It rides on new 600 X
